

ARE YOU STRUGGLING TO REDUCE THE COSTS ASSOCIATED WITH CASH DEPOSITS?

Diebold's new
Enhanced Note Acceptor
technology can help.

Diebold is launching a new addition to its line of ATM cash deposit modules. The Enhanced Note Acceptor, scheduled for release in early 2009, will extend Diebold's world-class deposit automation portfolio, which includes cash and check deposits, check imaging and cash recycling solutions.

Features and Highlights of Enhanced Note Acceptor

- Available on all Opteva® advanced function ATMs
- Installation via factory or onsite field upgrade
- Offers acceptance of up to 50 notes at a time
- Delivers quality presenter-style user interface
- Provides consistent interface and module location across family
