

GLOBAL ENVIRONMENTAL POLICY

Diebold, Incorporated is a responsible organization in regard to our associates, customers, the general public and the environment.

We are committed to:

- >> Conduct all company operations in ways that protect the environment by reducing waste, preventing pollution, promoting recycling and conserving resources
- >> Comply with all applicable environmental, health and safety-related regulations in every market we serve
- >> Conserve natural resources in the design, manufacture, use and disposal of products, and the delivery of services
- >> Serve our customers with products and services that have a minimal impact on the environment and no adverse effects on public health
- >> Continually assess the impact of our company on the environment, with the objective of continual improvement in all areas
