

# IMAGEWAY® DOCUMENT IMAGING

The easy way to capture and secure your documents for fast, efficient retrieval

ImageWay® Document Imaging allows users to scan, organize and store any document into one simple, easy to use system.

**Secure** – Ensures complete compliance with security and disaster recovery requirements regardless of on-site or off-site storage arrangements

**Easy** – ImageWay® Document Imaging easily distributes documents to any computer equipped with any popular browser, anywhere within the bank, with ease and speed

**Accessible** – Browser-based solution that is quickly deployed and accessible from a LAN, WAN, VPN or a secure web site making it truly location independent

**Functional** – The scan function runs through the browser giving the user the freedom to scan from any location using any PC compatible scanner, in single and batch mode

**Customizable** – Setting up document groups, types and keywords is completely customizable by the financial institution
